Multi Bottle Filling Trough (Non-Chilled)

Product Code: MBFT

Multi Bottle Filling Trough

Product Code MBFT

This trough style multi-user bottle filler incorporates 3 bottle filling taps to save time and queue's. Supplied complete with three push button WRAS approved taps to comply with water by-laws. The bottle filling trough has a fixed grating which is easily removed for cleaning. Our multi bottle filling trough provides easy refilling of three re-usable water bottles at a time, helps to prevent water waste with its on / off function taps and helps to reduce single use plastic bottle waste.

- WRAS approved push button tap.
- To save water the tap is operated by pushing and holding the button for water and releasing to turn the water off.
- Fixed grating which can be removed for cleaning.
- Lockable grating to avoid tampering.
- 1.5 inch waste fitting.
- 1.2mm thick grade 304 stainless steel.
- To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.

Size

- 1000mm in length.
- 245mm front to back.
- 446mm high.

Delivery

- In stock usually 1 to 2 working days.
