Stainless Steel Wash Trough 400mm Projection

Product Code: WTN

Stainless Steel Hand Washing Trough 400mm Projection

Product Code WTN

The WTN stainless steel wash trough is a robust, wall-mounted communal handwashing trough available in eight standard lengths for 1–4 users. Manufactured in one piece from 1.2mm thick Grade 304 stainless steel, it is designed for schools, commercial washrooms, industrial facilities and other high-use environments.

Unlike our pre-drilled WTNS model, the WTN is supplied with tap holes drilled to your specification, allowing it to accommodate single taps, monobloc mixers or separate hot and cold taps. All standard sizes are held in stock for fast UK delivery.

Key Features

- Manufactured in one piece from 1.2mm thick Grade 304 stainless steel.
- 400mm projection from the wall.
- Eight standard lengths from 500mm to 2400mm for 1–4 users.
- Tap holes drilled to customer specification.
- Supplied with central 38mm waste fitting.
- Integral wall-fixing brackets.
- Suitable for wall-mounted installation with optional front support legs.
- Designed for commercial, educational, industrial and public washrooms.
- Standard sizes held in stock for fast delivery.
- Manufactured in accordance with BS EN 14296:2015+A1:2018.

Sizes & Number of Users

- 500mm – 1 user
- 800mm – 2 users
- 1000mm – 2 users
- 1200mm – 2 users
- 1500mm – 3 users
- 1800mm – 3 users
- 2000mm – 4 users
- 2400mm – 4 users

Projection: 400mm front to back
Bowl depth: 149mm
Rear splashback: 39mm

Tap Hole Options

The WTN wash trough is drilled to suit your chosen tap configuration. Please select the required option when ordering.

Available standard options include:

- One pair of 22mm tap holes per user for separate hot and cold taps.
- Single 22mm tap hole per user for cold or pre-mixed water taps.
- Single 35mm tap hole per user for monobloc mixer taps.
- Special tap-hole requirements can be accommodated – select Special Requirements and we will contact you to confirm the specification.

For a standard trough supplied with pre-drilled single 35mm tap holes per user, see our WTNS Stock Stainless Steel Wash Trough.

Delivery

In stock – usually delivered within 1–2 working days.

All eight standard WTN sizes are held in stock for fast UK delivery.

Optional Extras

- Commercial taps including time-flow, sensor and mixer options.
- 600mm junior-height stainless steel front support legs.
- 950mm standard-height stainless steel front support legs.
- 38mm plastic bottle trap.
- Chrome-plated brass bottle trap with chrome waste pipe and flange.
- Stainless steel bottle trap cover.
- Stainless steel wall-mounted and deck-mounted soap dispensers.
- Stainless steel paper towel dispensers.

DfE & BS EN 14296 Compliance

The WTN wash trough is manufactured in accordance with BS EN 14296:2015+A1:2018 – Sanitary appliances – Communal washing troughs and is suitable for installation in schools, colleges and other educational facilities.

The trough is designed to form part of a Department for Education (DfE) compliant washroom installation, incorporating an integral rear upstand and allowing for contractor-supplied wall finishes, splashbacks, concealed services and access panels where required by the project specification.

Overall compliance with the Department for Education School Output Specification is achieved through the completed washroom installation.

Cleaning & Maintenance

Clean stainless steel regularly using warm soapy water or a mild detergent. Avoid bleach, chloride-based cleaners, steel wool and other aggressive or abrasive cleaning products that may cause staining or damage to the stainless steel surface.

For full care instructions, see our Stainless Steel Cleaning Guide.
