Stock Stainless Steel Wash Trough

Product Code: WTNS

Stock Stainless Steel Hand Washing Trough 400mm Projection

Product Code WTNS

The WTNS is a stock stainless steel hand washing trough supplied ready-drilled with a single 35mm tap hole per user, making it a straightforward choice for installations using single-hole taps. Available in eight standard lengths for 1–4 users, it is ideal for schools, commercial washrooms, workplaces, factories and other high-use environments.

Manufactured in one piece from 1.2mm thick Grade 304 stainless steel, each trough includes a central 38mm waste fitting and integral wall-fixing brackets. All standard sizes are held in stock for fast UK delivery.

For projects requiring different tap-hole sizes or configurations, including separate hot and cold taps, our WTN stainless steel wash trough can be drilled to your specification.

Key Features

- Manufactured in one piece from 1.2mm thick Grade 304 stainless steel.
- 400mm projection from the wall.
- Eight standard lengths from 500mm to 2400mm for 1–4 users.
- Pre-drilled with a single 35mm tap hole per user.
- Suitable for a wide range of single-hole commercial taps.
- Supplied with central 38mm waste fitting.
- Integral wall-fixing brackets.
- Suitable for wall-mounted installation with optional front support legs.
- Designed for commercial, educational, industrial and public washrooms.
- All standard sizes held in stock for fast UK delivery.
- Manufactured in accordance with BS EN 14296:2015+A1:2018.

Sizes & Number of Users

- 500mm – 1 user
- 800mm – 2 users
- 1000mm – 2 users
- 1200mm – 2 users
- 1500mm – 3 users
- 1800mm – 3 users
- 2000mm – 4 users
- 2400mm – 4 users

Projection: 400mm front to back
Bowl depth: 149mm
Rear splashback: 39mm

Tap Holes

WTNS wash troughs are supplied as standard with a single 35mm tap hole per user, allowing them to be used with a wide range of single-hole taps, including push-button, sensor and monobloc mixer taps.

The pre-drilled configuration provides a convenient stock solution where bespoke tap-hole drilling is not required.

If you require 22mm tap holes, separate hot and cold tap holes or another configuration, see our WTN Stainless Steel Wash Trough.

Delivery

In stock – usually delivered within 1–2 working days.

All eight standard WTNS sizes are held in stock for fast UK delivery.

Optional Extras

- Commercial taps including time-flow, sensor and mixer options.
- 600mm junior-height stainless steel front support legs.
- 950mm standard-height stainless steel front support legs.
- 38mm plastic bottle trap.
- Chrome-plated brass bottle trap with chrome waste pipe and flange.
- Stainless steel bottle trap cover.
- Stainless steel wall-mounted and deck-mounted soap dispensers.
- Stainless steel paper towel dispensers.

DfE & BS EN 14296 Compliance

The WTNS wash trough is manufactured in accordance with BS EN 14296:2015+A1:2018 – Sanitary appliances – Communal washing troughs and is suitable for installation in schools, colleges and other educational facilities.

The trough is designed to form part of a Department for Education (DfE) compliant washroom installation, incorporating an integral rear upstand and allowing for contractor-supplied wall finishes, splashbacks, concealed services and access panels where required by the project specification.

Overall compliance with the Department for Education School Output Specification is achieved through the completed washroom installation.

Cleaning & Maintenance

Clean stainless steel regularly using warm soapy water or a mild detergent. Avoid bleach, chloride-based cleaners, steel wool and other aggressive or abrasive cleaning products that may cause staining or damage to the stainless steel surface.

For full care instructions, see our Stainless Steel Cleaning Guide.
