Self Closing Tap With Adjustable Temperature Control

Product Code: PBTTC

Press Button Tap With Temperature Control

Product Code: PBTTC

- Press button non-concussive time flow basin tap with adjustable temperature control.
- Self closing after 8 to 12 seconds.
- WRAS Approved.
- Mono bloc press button mixer tap.
- Automatic closing for water saving.
- 3 litre per minute flow rate to save water.
- Lever to increase or decrease the temperature.
- Ideal for schools and nurseries, nursing homes, hospitals, and unsupervised areas.
- Supplied as single tap with hot and cold water supply.
- Chrome plated brass body and head.
- WRAS approved flexible inlet pipes.
- We recommend fitting a TMV3 thermostatic mixing valve with these taps to comply with legislation.
- 35mm tap hole required.

Technical Specification

- Max Inlet Pressure 6 Bar.
- Min Inlet Pressure 0.5 Bar.
- Timed flow (standard) 12 seconds at 1 Bar.
- Max inlet temperature 80 degrees C.
- Flow rate 3 litres per minute.
- To ensure the proper functioning and longevity of this unit, a Y-strainer must be installed as part of the water supply system. The Y-strainer is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer will result in the warranty being void.

Delivery

• In stock 1 to 2 working days.
