Wall Mounted Bottle Filler Fountain (Non-Chilled)

Product Code: DFWH-CF

Stainless Steel Bottle / Cup Filler Fountain

Product Code DFWH-CF

- School stainless steel wall hung bottle / cup filler manufactured in one piece from 1.6mm thick stainless steel for extra vandal resistance and durability.
- The school bottle and cup filling station has a radius front design to ensure there are no sharp edges or corners for safety.
- Complete with **WRAS approved swan neck bottle / cup filler** with press button valve.
- Complete with wall bracket and 32mm waste fitting.
- Recommended for many applications including schools, sports centres, gyms, and public areas.
- Tested to 2.0 Bar pressure.
- Please ensure that these are drained down in cold weather to avoid damage to the tap.
- To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.
