Wall Mounted Shrouded Bottle Filling Station (Non-Chilled)

Product Code: DFWHS-CF

Wall Mounted Bottle And Cup Filling Fountain

Product Code DFWHS-CF

- Stainless steel bottle and cup filling stations are manufactured in one piece from 1.6mm thick stainless steel for extra vandal resistance and durability, and incorporates a stainless steel under shroud.
- Integral half height under shroud with removable base plate to allow for exposed or concealed pipework.
- Radius front design for safety.
- Complete with WRAS approved swan neck bottle / cup filler with press button valve.
- Complete with wall bracket and 32mm waste fitting.
- Recommended for many applications including schools, sports centres, gymnasiums, and public areas.
- Tested to 2.0 Bar pressure.
- To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.

Size

- 350mm front to back.
- 305mm wide.
- 245mm high.
- 75mm splash back.

Delivery

- From stock usually 1 to 3 working days.
