

## Multiple Drinking Bottle Filling Station Trough (Non-Chilled)

Product Code: MBFS

### Drinking Water Bottle Filling Station

Product Code MBFS

- Stainless steel multiple drinking water bottle filling station, suitable for filling re-usable water bottles or cups.
- Manufactured in one piece from 1.6mm thick stainless steel for extra vandal resistance and durability.
- Available in 4 standard lengths - 1200 with 2 bottle fillers, 1500mm with three bottle fillers - 1800mm with four bottle fillers - 2400mm with five bottle fillers.
- WRAS approved swan neck bottle filling taps.
- Complete with integral wall brackets and 38mm centre waste fitting.
- Optional front support legs are available.
- Recommended for many applications including schools, sports centres, gyms, and public areas.
- To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.

### Bottle Filling Station Size

- 1200mm, 1500mm, 1800mm or 2400mm long.
- 370mm front to back.
- 150mm deep with 25mm upstand.

### Delivery

- From stock usually 1 to 2 working days.

### Optional Extras

- Extra bottle fillers per station upon request at additional cost per bottle filler.
- 38mm plastic bottle trap.
- 38mm chrome plated bottle trap.
- Stainless steel front support legs.
