Foot Operated Drinking Fountain (Non-Chilled)

Product Code: DFWH-FOP

Foot Operated Drinking Water Fountain

Product Code DFWH-FOP

Stainless steel foot operated drinking water fountain with WRAS approved foot valve and water fittings. Hygiene is one of the key benefits of foot operated products. The user does not need to touch the water controls with their hands at any point during the use of this product. This means that cross contamination between users is minimised.

- Foot operated wall mounted drinking fountain with WRAS approved foot valve.
- Telescopic stainless steel shroud (500 to 950mm) to hide interconnecting pipework.
- WRAS approved water bubbler (outlet), pipework and fittings.
- Manufactured from 304 stainless steel for extra vandal resistance and durability.
- Safety rounded front edge to the fountain.
- Supplied with hidden wall bracket and 32mm waste fitting.
- Rear upstand to protect the wall from splashes.
- Recommended for many applications including schools, colleges and public buildings.
- If fitted outdoors please ensure that these are drained down and isolated in cold weather to avoid damage to the bubbler.
- Foot operated drinking fountains with bottle / cup filling valves are also available.
- To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.

Size

- 305mm wide.
- 350mm front to back.
- 150mm high plus 75mm splash back.
- 500 to 950mm telescopic shroud.

Delivery

- From stock usually 2 to 3 working days.
