Concrete Outdoor Drinking Fountain (Non-Chilled)

Product Code: GUF99-UK

Freestanding Outdoor Concrete Drinking Fountains

Product Code GUF99

- Vandal resistant concrete drinking fountain for use outside.
- Ideal for use in parks, shopping centres, schools, sea fronts and golf courses.
- Resistant to sunlight, heat, moisture, and wear.
- Stainless steel drinking fountain bowl.
- Circular brown concrete aggregate reinforced pedestal.
- Chrome plated drinking valve operated by a front mounted self closing button.
- Requires 6 x AA batteries.
- Supplied with floor anchor bolts.
- Please ensure that these are drained down and isolated in cold weather to avoid damage to the unit.
- To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.

Compliant Regulations

- All water fittings are WRAS approved.
- Full approval details for your Water Board are downloadable here.

Size

- 1016mm high (to lip of fountain).
- 762mm high (Junior model).
- 356mm diameter.

Delivery

- To order 14-16 weeks.

Options

- Junior height to order in 14 to 16 weeks.
- In line water filter.
