

Elite Stainless Steel Wash Trough

Product Code: ELITE

Elite Stainless Steel Wash Trough

Product Code ELITE

The Elite Wash Trough is a premium specification wash trough created for projects that need a more polished, modern appearance. Compared with more basic trough options, Elite sits at a higher price point - but delivers a noticeably more "finished" look, making it a popular choice for front-of-house wash areas, refurbished school facilities, and commercial washrooms where aesthetics matter.

- These wash troughs are manufactured in one piece from 1.6mm thick stainless steel for extra vandal resistance and durability.
- Stocked in 3 standard sizes: 1200 mm 2 user, 1800mm 3 user and 2400mm 4 user.
- The Elite wash troughs are available from stock for quick standard delivery.
- The wash trough can be supplied with single or pairs of tap holes per user.
- Complete with a 38mm (1.5") flush grated central waste fitting.
- Integral wall fixing points.
- Optional 600mm or 950mm front support legs, including the trough (565mm and 912mm long).
- **Registered design.**

Size

- Length: 1200mm, 1800mm and 2400mm long. (1200mm and 2400mm long currently out of stock)
- 432mm front to back.
- 111mm at the deepest point of the trough with a 24mm splashback.

Delivery

- In stock usually 1 to 2 working days

Tap Hole Options

- Please select your wash trough tap hole preference from the options drop-down box.
- One pair of 22mm tap holes per user for standard taps.
- Single 22mm tap holes per user for cold or pre-mixed water supply taps.
- Single 35mm tap hole per user for monobloc mixer taps.
- For all other tap hole requirements not listed above, please select special requirements in tap hole options, and we will contact you.

Optional Extras

- Taps. Please select from options if required or go to the tap section for more choices.
- [38mm plastic bottle trap](#).
- [Chrome plated brass bottle trap with chrome waste pipe and flange](#).
