

Wash Trough With Infrared Sensor Taps

Product Code: WTIR

Stainless Steel Wash Troughs With No-Touch Sensor Taps

Product Code WTIR

- The wash troughs are manufactured from 1.2mm thick stainless steel for extra vandal resistance and durability.
- Stocked in 3 standard sizes: 500mm and 1800mm with 3 taps, and 2000mm with 4 taps.
- Supplied with infrared sensor operated basin taps with solenoid valves and control box (mains or battery power supply). [For more info on infra red taps.](#)
- [See the tap here.](#) please note tap is not as shown on wash trough.
- The sensor tap operates for 7 seconds at each activation when the users hands are in the sensor area.
- The wash troughs are available from stock for quick standard delivery.
- The wash troughs come complete with sensor taps, a 38mm central waste fitting, and integral wall fixing brackets.
- Other sizes available at special prices - please contact us.
