Stainless Steel Trough Urinals 900mm To 2400mm Long

Product Code: UWHC

Stainless Steel Trough Urinals

Product code UWHC

All sizes in stock for immediate despatch. Standard 1 to 2 working day delivery.

Stainless steel urinals manufactured to be wall mounted from grade 304 stainless steel with a #4 satin polished finish. Wall mounted stainless steel urinals offer a cleaner, easier to install, and cheaper alternative to traditional individual bowl urinals. The UWHC model urinals are available to order online in six standard sizes. The urinals come complete as standard with a white plastic auto flushing cistern, stainless steel downpipe, and 38mm plastic waste fitting.

We're excited to introduce the latest version of our stainless steel trough urinals, built on everything our customers already expect — now with even more to offer. Thanks to the valuable feedback from our users, we've refined and enhanced the urinals to deliver an even better product. Please see product FAQ's for specific changes. Standard features are:

- Grade 304 stainless steel with #4 satin polished finish on all exposed surfaces.
- 1.2mm thick stainless steel
- **6 standard sizes in stock for immediate despatch.**
- 6 in stock sizes with left or right-hand outlets, top entry cisterns ready for immediate despatch - 900mm, 1200mm, 1500mm, 1800mm, 2000mm and 2400mm.
- Vandal resistant horizontal sparge pipe flushing system.
- Cistern and downpipe located centrally above the urinal (exposed).
- Left or right hand outlet with 38mm plastic waste fitting.
- White plastic auto cistern with WRAS approved syphon.
- 9L cistern for 900-1500mm urinals, 13.65L for 1800-2400mm urinals.
- Sound deadening pads on trough.
- Stainless steel cistern available as an optional extra.

How do our urinals differ from other models

- 6 sizes with both left and right-hand outlets in stock for immediate despatch.
- Delivery time is usually next working day - for orders placed later in the day it will be 2 working days (time is dependent on the carrier workload).
- Our horizontal concealed sparge flushing pipes are fitted to the urinal, cheaper models require the installer to fit them to the urinal adding to the installation time and cost.
- Our urinals are manufactured in house by our own company manufacturing facility and stocked in the UK.
