

Commercial Wash Trough With Press Button Taps

Product Code: WT-PB

Commercial Wash Troughs With Press Button Taps

Product Code WT-PB

- Special bundle price whilst stocks last.
- The wash troughs are manufactured from stainless steel for extra vandal resistance and durability.
- Stocked in 2 standard sizes: 1200mm with two taps and 1800mm with three taps.
- Supplied complete with a single time flow press button tap per user.
- [See the tap here.](#)
- The time flow tap operates for approx 7 seconds at each activation, 3.8 litre per minute flow regulation.
- The wash troughs and taps are available from stock for quick standard delivery.
- The wash troughs come complete with time flow press button taps, a 38mm chrome plated domed central waste fitting, and integral wall fixing brackets.
- To ensure the proper functioning and longevity of this unit, a Y-strainer must be installed as part of the water supply system. The Y-strainer is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer will result in the warranty being void on the taps.

Size

- 1200mm and 1800mm.
