WUDU Complete

Product Code WUDUCOM

The self contained Wudu washing unit incorporates a built in stool and lever operated tap with extendable spray head. The design helps to prevent splashing and water on the floor and allows the user to perform all aspects of ritual washing. Wudu ritual cleansing involves washing feet and other body areas in preparation for prayer. The process of foot washing poses many problems with traditional wash basins but our Wudu complete unit offers a cost effective solution to this problem. Manufactured from reinforced acrylic the unit is both strong and light.

- The Wudu foot wash trough is manufactured from high quality reinforced acrylic material.
- Single station wash station for one user with a built in seat.
- Splash resistant design.
- Suitable for both adults and children.
- Easy clean design.
- Complete with tap with flexible shower head.
- Centre waste outlet, complete with 38mm shower trap and 38mm flexi connection.
- Wudu translates as cleansing oneself in preparation for prayer.
- Ideal for Mosques, schools, hotels, hospitals, shopping centres, airports and places of worship.
- Comes complete with Wudu unit, mixer tap and waste.
