Dual Level Wudu Basin Ablution Sink

Product Code: DBWUDU

Dual Level Basin Wudu Ablution Sink

Product Code DBWUDU

Our Dual-Level Wudu Wash Basin is thoughtfully designed to provide a practical, hygienic and compliant solution for ablution in preparation for prayer. Wudu translates as cleansing oneself before prayer, and this unit supports that practice with comfort, dignity and efficiency.

Suitable for both adults and children, this regulated Wudu appliance combines a standard hand wash basin with a lower-level foot wash sink, making it ideal for homes, mosques, schools and places of worship.

- Dual-Level Design - Integrated upper basin for hand and face washing, with a lower foot wash sink positioned at an ergonomic height for comfortable Wudu.
- Ergonomic & User-Friendly - Designed to reduce bending and strain, promoting safer and more comfortable ablution for elderly users and children.
- Reduced Costs - a combined unit saves on installation time and material.
- Splash-Reducing Contours - Carefully shaped bowl design helps prevent splashing, keeping surrounding areas clean and dry.
- Hygienic & Easy to Maintain - Manufactured from high-quality ceramic for durability, stain resistance and easy cleaning.
- Safe & Practical Installation - Designed for secure floor and back to wall-mounted installation with concealed pipework for a clean, modern finish.
- Ideal for High-Traffic Environments - Perfect for mosques, madrassahs, prayer facilities, workplaces and public buildings.
- Modern, Professional Appearance - Contemporary design complements both traditional and modern washroom interiors.
- Supplied with two wastes, handwash tap, foot wash valve and nozzle.
- Interconnecting waste pipework is included free of charge as standard, although we recommend using your own pipework for the installation.
- Some instructions may show mixing valves - these are not included.
