GreasePak Dosing System

Product Code: MCL-GP

GreasePak Dosing System

Product Code MCL-GP

GreasePak units deliver a daily dose of bio-fluid to your drain. The bio-fluid formula degrades fats, oils and grease (FOGs) into smaller molecules that stops them reforming or solidifying, GreasePak helps to prevent your drains from fat build-up and bad odours. GreasePak bio-fluid is an environmentally friendly class 1 biodegradable product.

- Wall mounted compact auto dosing system that is easy to install, and no water connection is required.
- Manufactured from ABS Plastic.
- Available in mains or battery operation.
- To be used on its own or with a grease trap.
- Reduces by over 50% the need for grease trap cleaning.
- Reduces the chance of bad odours, meaning less chance of attracting pests.
- Accreditation BBA (Certificate 11/4827)
- The GreasePak unit has an audible alarm, that will alert you when the fluid needs to be changed.
- Please note this is not a drain unblocking system, it is a drain maintenance system.

Size

- Height: 499mm.
- Width: 410mm.
- Front to back: 186mm.
- Weight: 3.4kg (without fluid box) 8.9kg (with fluid box).
