Plaster Trap

Product Code: E255

Plaster Trap

Product Code E255

Our plaster trap is designed to filter clay and plaster residue from your waste water to help your building waste water pipe work clogging and blocking. Ideal for mounting directly below your sink or wash trough and takes the place of a conventional water trap.

These units come with heavy duty wall brackets which can be adjusted to suit a range of sink outlet positions. Emptying and cleaning is easily achieved by simply draining off the excess water with the inbuilt tap and removing the bottom waste container.

- Manufactured from 304 grade stainless steel, 1.5mm thick.
- Bright polished finish.
- Overall size 300mm x 382mm.
- Inlet and outlet dimensions are 38mm.
- 9ltr capacity.
- Adjustable brackets to suit a wall to centre of sink waste outlet up to 295mm.

Delivery

- In stock usually 1 - 2 working days.
