KWC DVS Miranit 2 Person Wash Trough

Product Code: SOLX1200T

KWC DVS Miranit 2 Person Wash Trough

Product Code SOLX1200T

The KWC DVS Miranit wash trough is manufactured from robust MIRANIT resin-bonded mineral material, providing a sleek, non-porous surface that withstands temperatures up to 80°C. Combining style with practicality, it boasts a contemporary, streamlined design. Kept in stock for prompt dispatch, it offers added convenience for our customers. Each unit comes with pre-drilled tap holes and an integrated waste and overflow system everything required for a straightforward, hassle-free installation.

- Wall mounted style supplied with wall fixing kit (please use kit if suitable for the wall it is being installed on)
- 1200mm long (2 user) - also available 1800mm long for 3 users.
- 32mm waste kit and overflow.
- The trough colour is Alpine White.
- Integral moulded back with holes for fixing.
- Pre drilled single 35mm tap holes per user.
- Manufactured from MIRANIT resin-bonded mineral material.

Dimensions

- Lengths 1200mm and 1800mm.
- Front to back 480mm
- Top to bottom, 170mm.

Delivery

- Delivery will be arranged to your site on a pallet to reduce the risk of damage.
- Delivery costs will depend on the delivery address.
- To order, 3 - 4 working weeks.

MIRANIT products are crafted from a single mould without the use of adhesive seams or joints, resulting in a sleek, seamless finish. Known for their exceptional stability, elegant appearance, and long-lasting durability, these products feature a smooth, pore-free Gelcoat surface that is hygienic and easy to maintain. The name MIRANIT represents a robust composite material made of approximately 80% natural minerals—such as marble, sandstone, and quartz sand—and about 20% high-quality unsaturated polyester resin. Quartz, one of the hardest substances found in the earth's crust, contributes to the material's strength. When combined with the resin, the result is a highly stable, formable compound ideal for precision cast moulding.
