Eyewash Water Heater

Product Code: R48H/240

Instantaneous Eye Wash Water Heater

Product Code R48H//240

Chronomite R-48L/240 Electric Tankless Water Heater – 11.5kW | 240V

Designed for use on eye wash fountains where instant hot water is essential to provide tepid water when using eyewash unit. The Chronomite R-48L/240 delivers reliable point-of-use hot water without the need for a storage cylinder. Its intelligent microprocessor continuously adjusts heating output to maintain a consistent outlet temperature while reducing energy consumption.

For applications where the heater is used to supply emergency eyewash maintaining the correct water temperature is essential. UK best practice follows BS EN 15154, which recommends that emergency flushing equipment delivers tepid water between 15°C and 37°C, with 20°C to 28°C considered the ideal range. Water that is too cold can discourage users from completing the recommended 15-minute flushing period, while excessively hot water may increase the severity of injuries. The Chronomite R-48L/240 provides reliable, temperature-controlled hot water, making it an ideal component in systems designed to deliver safe, comfortable tepid water for emergency decontamination.

- 11.5kW electric tankless water heater.
- 240V single phase supply.
- Low activation flow rate of just 1.3 L/min.
- Digital microprocessor temperature control.
- Pre-set temperature to 28°C.
- Unlimited hot water on demand.
- Compact wall mounted design.
- 99% energy efficient operation.
- Rugged white steel housing.
- ¾" NPT male inlet and outlet connections with 1/2" BSP brass adaptors.
- Suitable for use with eye wash units.
- ETL listed and manufactured in the USA.

Size

- Height: 251mm.
- Width: 270mm.
- Depth: 108mm.
- Weight: 4.5kg.

Technical Specification

- Minimum operating flow: 1.3 litres/minute.
- Power: 11.5kW.
- Supply voltage: 240V.
- Current: 48 Amps.
- Single phase.

Delivery Lead Time

- 1–2 working days.

Suitable For

- Suitable for our range of eye wash fountains and most other eye wash fountains.
