Stainless Steel Shower Panel - Press Button

Product Code: SHPAN-PB

Stainless Steel Shower Panel with Time-Flow Control & Anti-Ligature Head

Product Code SHPAN-PB

Upgrade your shower room with our heavy-duty stainless steel wall-mounted shower panel, engineered for maximum durability, hygiene, and safety. Designed for high-use environments such as schools, sports centres, prisons, mental health units, and public facilities, this shower panel features a tamper-resistant push-button time flow operation (15–25 seconds), conserving water while promoting user hygiene. The fixed anti-ligature, vandal-resistant shower head enhances safety and reduces the risk of misuse, making it ideal for secure and controlled settings. Built to withstand harsh use and easy to maintain, this panel delivers reliable performance without compromising safety or compliance.

- Stainless steel shower panel.
- Press button time flow valve.
- 15 to 25 seconds run time.
- Anti-ligature shower head.
- Polished stainless steel body with chrome plated valve and head.
