

1800mm Trough Urinal - Back or Top Entry

Product Code: TUBT

Stainless Steel Trough Urinal - Back or Top Entry

Product code **TUBT**

1800mm long stainless steel urinal. Engineered for both top and rear water inlet options, this wall-mounted trough urinal is manufactured from premium-grade 1.2mm thick 304 stainless steel with a sleek brushed satin finish. Built for durability and low maintenance, it delivers a clean, contemporary look suited to high-traffic environments such as schools, sports venues, industrial sites, and other commercial facilities. This generously sized urinal ensures user convenience, straightforward installation, and long-term reliability. Each unit is supplied complete with wall mounting brackets, a stainless steel downpipe, a sparge flushing system, a plastic auto-flush cistern, and a 2" domed waste outlet. The sparge pipes can be installed with a top entry connection to suit an exposed surface mounted cistern or rotated 90 degrees to give a back entry connection for a concealed cistern behind the back wall.

- Grade 304 stainless steel for ease of cleaning and corrosion resistance.
- **Last few remaining items all 1800mm long.**
- Central 2" chrome plated brass dome grated waste for compatibility with standard pipework.
- **Plastic auto cistern** and stainless steel downpipe.
- Cistern and downpipe located centrally above the urinal (exposed).
- Durable horizontal sparge pipe flush system, designed to resist vandalism.
- Wall mounted installation for easy cleaning and maintenance.
- Supplied with all essential fittings: cistern, downpipe, sparge pipe, domed waste, and mounting brackets.
- Horizontal sparge pipes to be fitted by installer. Either top entry for exposed cistern or rotated 90 degrees for back entry for a concealed cistern.
- Knock out in top for exposed cistern and removable hole cover in rear for back entry concealed cistern version.
- **Due to the size and weight of the urinals, they will all be delivered on a pallet.**

Delivery

- 1800mm urinals with centre outlets, back and top entry sparge pipes in stock for 1 to 2 working days delivery.
- **Due to the size and weight of the urinals, they will all be delivered on a pallet.**
