Cooler Cowling

Product Code: AAF-COWL

Cooler Cowling

Product Code AAF-COWL

This robust Cooler Cowling is designed to securely house and stabilise the RIVERUP-FS floor-standing water cooler, providing a clean, professional finish while ensuring safe installation. Manufactured in an attractive anthracite grey, the cowling encloses rear pipework and prevents access to fittings, making it ideal for public, commercial, and educational environments where durability and safety are essential.

The cowling also meets BREEAM floor and wall fixing requirements, helping specifiers and installers achieve compliance on projects where sustainability, building performance and secure installation standards are required.

Key Features

- Designed specifically for the RIVERUP-FS drinking fountain.
- Provides strong rear and floor fixing to secure the water cooler.
- Helps protect pipework and exposed components.
- Finished in anthracite grey for a modern appearance.
- Suitable for schools, public buildings, workplaces and commercial settings.
- Ideal for projects that require safe, tamper-resistant installation.

Specification

- Colour: Anthracite Grey.
- Mounting: Rear and floor fixed.
- Application: Indoor use.
- Compatibility: Cosmetal RIVERUP-FS floor-standing water cooler.
- Construction: Designed for secure and stable installation in public-facing areas.

Compliance & BREEAM Information

This cooler cowling is BREEAM compliant for secure installation of water coolers, meeting the requirements relating to:

- Safe fixing to both wall and floor.
- Protection of exposed pipework.
- Improved durability and reduced risk of tampering.

What is BREEAM?
BREEAM (Building Research Establishment Environmental Assessment Method) is the UK’s leading sustainability and building performance standard. It assesses safety, installation quality, energy use, materials and overall environmental impact. Using products that support BREEAM criteria helps projects meet required performance ratings in education, commercial and public-sector buildings.

What’s Included

- Anthracite grey cooler cowling.
- Rear and floor fixing components.

Delivery

Available from stock, normally delivered within 1 - 2 working days.
