

316 Grade Wall Mounted Bottle Filler

Product Code: 316-WMBF

316 Grade Stainless Steel Wall-Mounted Bottle Filling Station with Hand / Forearm Operated Water Supply

Product Code 316-WMBF

This durable, wall-mounted bottle filling station is manufactured from 316-grade stainless steel, known for its superior corrosion resistance, making it ideal for use in saltwater environments or areas with high humidity. Its surface-mounted design enables easy installation onto the face of a wall, with water supply and waste connections routed through the back wall. The vandal-resistant, compact design makes it suitable for installation in public spaces, ensuring a reliable bottle filling solution.

Key Features:

- Constructed from 316-grade stainless steel for enhanced corrosion resistance, especially in saltwater or coastal environments.
- Easy operation with hand or forearm, offering touch-free access to water.
- On/Off operation to help minimize water waste.
- Refilling plastic bottles reduces the reliance on single-use plastic, contributing to sustainability efforts.
- 1.2mm thick stainless steel for a robust and long-lasting build.
- 85mm space-saving projection – compact yet efficient design.
- Large bottle filling aperture to accommodate most drinking water bottles (up to 750ml).
- WRAS approved valve, outlet, fittings, and pipework for guaranteed quality and compliance.
- Keyhole slots for straightforward and hassle-free installation.
- Supplied with a 32mm waste fitting and flexible waste pipe for easy setup.
- To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.

Overall Dimensions

- Height: 545mm.
- Width: 350mm.
- Front to back: 85mm.

Bottle Aperture

- Height: 335mm.
- Width: 125mm.

Delivery

- From stock usually 1 to 2 working days.
