DfE & BS EN 14296 Compliance

This wash trough is manufactured in accordance with BS EN 14296:2015+A1:2018 – Sanitary appliances – Communal washing troughs and is suitable for installation in schools, colleges and other educational facilities.

Designed to form part of a Department for Education (DfE) compliant washroom installation, the trough incorporates an integral upstand and is intended to be installed alongside contractor-supplied wall finishes, splashbacks, concealed services and access panels where required by the project specification.

Overall compliance with the Department for Education School Output Specification is achieved through the completed washroom installation.
