# Fibreglass Drinking Fountain - White (Non-Chilled)

Product Code: GRP-DF

### White Fibreglass Wall Hung Drinking Fountain with WRAS Approved Tap

Product Code: GRP-DF

Upgrade your hydration facilities with this white fibreglass wall mounted drinking fountain, designed for durability, hygiene, and modern aesthetics. Featuring a WRAS approved push-button tap, this unit ensures full compliance with UK water regulations while providing a safe and reliable drinking solution for high-traffic environments.

Manufactured from high-quality fibreglass, this wall hung drinking fountain is lightweight yet robust, offering excellent resistance to corrosion, impact, and wear. Its smooth white finish delivers a clean, contemporary look that is easy to maintain, making it ideal for schools, commercial premises, and public buildings.

Key Features

- Wall mounted white fibreglass drinking fountain with WRAS approved bubbler tap.
- Durable fibreglass construction – corrosion resistant, hygienic, and easy to clean.
- Smooth rounded front edge design for enhanced user safety.
- WRAS approved press button drinking water bubbler valve for compliance with UK water byelaws.
- Supplied with concealed wall mounting bracket and 32mm waste outlet.
- Integrated rear upstand/splashback to protect surrounding walls.
- Lightweight alternative to stainless steel with excellent long-term durability.
- Tested to 2.0 bar water pressure.
- Suitable for schools, colleges, gyms, workplaces, swimming pools and public buildings.

WRAS Approved Tap

This drinking fountain is fitted with a WRAS (Water Regulations Advisory Scheme) approved tap, ensuring it meets strict UK standards for water safety and quality. The bubbler valve has been fully tested for compliance, giving peace of mind in commercial and public installations.

Installation & Maintenance

To maintain optimal performance and extend product life:

- Install a Y-strainer or inline filter to protect internal components and maintain correct flow.
- Failure to install a filter may invalidate the warranty.
- Drain and isolate the unit during freezing conditions to prevent damage.

Dimensions

- Width: 300mm.
- Projection: 350mm.
- Overall Height: 290mm.
- Splashback Height: 80mm.

Delivery

Fast UK delivery – typically 1 - 2 working days from stock.

Options

- 32mm plastic bottle trap.
- 32mm chrome plated brass bottle trap with chrome brass pipe and wall flange.
- Y Strainer.
- Inline water filter.
