

Wash Trough Bib Taps

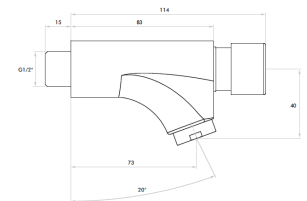

The wall mounted bib tap has a crosshead design suitable for use in most applications where a simple straightforward tap is required. The tap is supplied in pairs. The wall mounted bib tap is designed and manufactured from solid brass and finished in a high polish chrome. Supplied with a 12 mm (1/2 in) BSP male inlet connection.

The 6 inch lever wall mounted bib tap is operated by a quarter turn lever and ceramic disc for rapid on/off flow. The tap is supplied in pairs. The lever bib tap is manufactured from solid brass and finished in a high polish chrome. Supplied with a 12 mm (1/2 in) BSP male inlet connection. (Also available with 3 inch lever if required).

The time flow wall mounted bib taps are operated by a press button. The water will run for a set period (about 15 seconds) and will then shut off automatically. Supplied in pairs. The press button time flow taps are manufactured from solid brass and finished in a high polish chrome. Supplied with a 12mm (1/2") BSP male inlet connection.

Chrome plated wall plate elbow with 15mm compression fitting. The wall plate elbow is designed for mounting bib taps on the face wall with a surface (exposed) water supply.
